Knothole Cloud Studies

Dear Sir:

Reference is made to letter from Los Alamos Scientific Laboratory to your office reference AD 106336, dated April 7, 1953 in which it is stated that reimbursement is desired from the Department of Defense for work performed by LASL for Project 4.1, Operation Upshot-Knothole. The figure mentioned is \$6,000 which has previously been agreed upon by the representatives of LASL and the project agency, the Air Force Cambridge Research Center.

In order to execute the reimbursement mentioned, you are hereby authorized to expend up to \$6,000 from funds previously advanced by this Headquarters for Operation Upshot-Knothole. This will obviate the necessity of transacting this reimbursement by means of a separate Standard Form 1080.

Sincerely yours,

Copy Furnished:
