Dear Dr. Bacher:

At the suggestion of Ken Bainbridge, I'm addressing this question to you in the hope that if you can't answer it you will be good enough to pass it along to the right party.

The Geophysical Division of the Texas Company has asked if information has been released, or can be, on the extent and nature of the effects of radioactivity at Bikini on fish and shellfish in the lagoon.

Sincerely yours,

/s/ L. Don Leet
